

# SIERRA

## EVAPORATIVE AIR CONDITIONING

Model:

# 18APV

Evaporative Cooler

### ECONOMICAL & VERSATILE

The ideal choice, when it comes to cooling.

#### The 18APV Offers:

- ▶ Strong outer casing UV resistant, will withstand extreme climates.
- ▶ Exceptional quality water pump, self clears if anything jams on impellers.
- ▶ Self cleaning pads, pre-filter fitted, all in one integral frame (no screws required).
- ▶ JH Inverter, save up to 30% on energy bills compared with other evaporative coolers.
- ▶ High efficiency, fully sealed aluminium motor, overload protection, low noise, high torque, automatic drain valve.

#### Other Key Features

- ▶ Infrared remote control, soft backlight, temperature display, relative humidity display, stepped variable speed fan, time of day clock, unique exhaust function.

#### Specifications

Airflow	16500 cmh	Water Tank	40 L
Speed	Inverter	Net Weight	70.5 kg
Control Type	RTC Wall Controller & Remote Control	Pad Type	100mm Celdek
		Dimension	110 x 110 x 95 cm
